### **REASONS FOR ALLOWANCE**

1. Claims 1-2, 5-20 are allowed.
2. Claims 3-4 are cancelled.
3. Claims 21-22 are withdrawal from consideration based on the last response from the applicant.

The following is the Examiner's statement of reasons for allowance.

The prior art of record Robertson et al (Pub. No.: US 20030113130) fails to suggest or disclose the collective features of the invention such as: image data of a scanned original document is converted into n-types of color data for a first color data to an n-th color data and the image data is printed onto a recording paper based on each of the color data, when carrying out the multi-up printing process by scanning plural pages of the original documents, the image data of the multiple pages of the original documents are respectively converted into at least the first color data, and an operation for printing the image data onto the recording paper starts. These features, along with the rest of the limitations of claims 1, 2 and 15 would render these claims allowable.
